

BRITAIN TELLS WHY SHE STOOD ALOOF
HER REASONS FOR REFUSING TO OPEN THE INDIAN MINTS.

Official Statement Made—Report of the Conference With the United States Monetary Commission Is Finally Given to the Public at London

London, Oct. 23.—The correspondence in regard to the bimetallic proposals of the United States monetary commission has been issued by the British foreign office. The following account of the negotiations is taken from the official publication.

On the invitation of the British premier Senator Wolcott explained that the object of the mission was to ascertain in advance of an international conference the views of the governments, and the envoys had determined to ascertain the views of the French, British and German governments on the question of reaching an international bimetallic agreement. They had been to France, where they reached a complete and satisfactory understanding with the French government. The senator explained that the success of the mission depended upon the attitude Great Britain would take, and he requested Great Britain to agree to open the English mints as its contribution to the attempt to restore international bimetallicism, with France and the United States co-operating in an attempt to that end.

The Marquis of Salisbury asked if France was ready to open her mints to free coinage and Senator Wolcott replied, "Yes."

The premier thereupon inquired at what ratio France would open her mints. Senator Wolcott said at 15%, adding that the American envoys had accepted this ratio.

The senator then presented the following list of contributions which, among others, he suggested Great Britain might make:

"1. The opening of the Indian mints and the repeal of the order making the sovereign legal tender in India.

"2. Placing one-fifth of the bullion in the issue department of the Bank of England in silver.

"3. Raising the legal tender limit of silver to say £10 and issuing 20-shilling notes based on silver, which shall be legal tender, and the retirement, in graduation or otherwise, of the 10-shilling gold pieces and the substitution of paper based on silver.

"4. An agreement to coin annually so much silver, the amount to be left open.

"5. The opening of the English mints to the coinage of rupees and the coinage of British dollars, which shall be full legal tender in the Straits Settlements and other silver-standard colonies and tender in the United Kingdom to the limit of silver legal tender.

"6. Colonial action and the coinage of silver in Egypt.

"7. Something having the general scope of the Huskisson plan."

The French ambassador was invited to declare the position of the French government, and he said France was ready to reopen her mints to the coinage of silver if the commercial nations adopted the same course, and he advocated at great length the ratio of 15%. But, he explained, France would not consider the reopening of the mints of India alone as being sufficient guaranty to permit the French government to reopen the French mints to the free coinage of silver.

Sir Michael Hicks-Beach then announced definitely that Great Britain would not agree to open the English mints to the unlimited coinage of silver, and that whatever views he and his colleagues might separately hold regarding bimetallicism he could say that they were united on this point.

Baron de Courcel said, as a personal suggestion, that among other contributions he thought Great Britain should open the Indian mints and also agree to purchase annually £10,000,000 of silver for a series of years.

Senator Wolcott accepted the proposal that the British government should make this purchase with proper safeguards and provisions as to the place and manner of its use.

Since this conference the British government has been considering the proposals and finally made the reply handed the United States ambassador Thursday. The reply of the government of India, upon which Lord Salisbury based his decision, is a long document, giving an emphatic negative to the proposal to reopen the Indian mints. It says: "The paralysis of trade and industry in India would be prolonged and would be accomplished by acute individual suffering. None of the advantages expected would be attained and the country would pass through a critical period which would retard its progress for years. The position would be disastrous alike to the state, to individuals and to trade generally."

In conclusion, the official dispatch intimates that the present proposals might have been favorably considered in 1892, but "the experience of the last few years has made the position very different."

Gentry Defeats Robert J. Louisville, Ky., Oct. 23.—Eight thousand people saw John R. Gentry defeat Robert J. Friday afternoon in three

straight heats in the rather slow time of 2:05, 2:05½ and 2:07½. It was a clean victory for the stallion, for in every heat he made his race in the stretch and beat his great rival solely by virtue of superior stamina and more speed.

ALTGELD TO EDITORS.

Ex-Governor of Illinois Meets the Democratic Press.

Chicago, Oct. 23.—One hundred and fifty democratic editors from Illinois gathered at the Tremont house yesterday from every county in the state.

It was the second annual meeting of the State Democratic Editorial association. Mayor Harrison welcomed them in the morning, asserting his fidelity to Bryan and the Chicago platform, launching his gubernatorial boom in the same period.

Representative James F. O'Donnell of the Bloomington Bulletin responded to the mayor's greeting. He named Mr. Harrison for governor in 1900, referring to him as "a representative democrat and his record as mayor of Chicago magnificent."

Ex-Gov. John P. Altgeld spoke as follows:

"I thank you for this kindness. Ordinarily it is not necessary to bid me help in any movement for the advancement of our cause. As an outsider, though, out of politics, content with private life, anxious only for the welfare of my country, anxious only to see good men—democrats with convictions—in high places, I am always ready to do my utmost in aid of the toiling masses."

"There are two distinct classes of newspaper men in this country—the country editor, able to write of men or measures, meeting every one, mixing much with his fellows, keeping in touch with his community, enjoying the confidence of his readers always; and the specialist newsgatherer or editorial writer of the great city dailies. Generally you find the reporters in keen sympathy with the common people, their convictions running in the right direction, but the editorial writers, taking their cue from the corporation owning the paper, naturally write in sympathy with their employers. The management of a great city daily is not personally responsible—is felt to be so by the people—and so they have ceased to make public opinion."

"I want to congratulate you on the fact that the stand you have taken in the past has been vindicated. The principles enunciated by you are more thoroughly in vogue than last year. The conscience, the independent thought of the time is with us. The great dailies, the club loungers, the capitalists are against us, but the men who toil with hand or brain are coming our way. The corruptionist, the franchise grabber, the debaucher of legislatures is not on our side."

Mr. Altgeld reviewed the European situation, declaring that the bimetallic movement in Great Britain would triumph in a few years, quoting France and Germany as eager to restore silver, putting down half the horror of the Indian famine as due to the lack of money to buy food. He paid passing attention to the New York fight, declaring that neither Platt nor Tamm could win without the aid of the other.

A. L. Hereford of Springfield was re-elected president of the association. G. M. Le Crone of the Effingham Democrat was made vice president, Edwin Beard of the Watseka Times secretary and C. P. Berry of the Carmi Courier treasurer. J. W. Lumpkin of the Carlinville Enquirer, James McNabb, Carlinville Gazette, and George R. Graybill, Shelbyville Democrat, were appointed to report on the calling of a special session of the legislature.

Fever at Memphis, Tenn.

Memphis, Tenn., Oct. 23.—Physicians generally agree with the president of the board of health that there is one case of fever in this city that has suspicious symptoms of being yellow fever. The city's splendid sanitary condition will prevent a spread of the disease. President Thornton of the board of health officially declared that McFarrin's sickness is yellow fever. Dr. Thornton has had the case under observation for three days.

Japan Yields to Hawaii.

Honolulu, Oct. 12. via San Francisco, Oct. 23.—The contention between the government of Japan and the government of Hawaii, growing out of the immigration question, is now in a fair way for settlement by arbitration. The Japanese government is now said to be ready to submit to arbitration all the points at issue without any reservation.

On Trail of Lynchers.

Indianapolis, Ind., Oct. 23.—The state officers who have anything to do with prosecuting the Ripley county lynchings are silent about what progress they are making or what plans they have. It is a matter of report that the leader of the mob was an ex-member of the legislature and seven other names of members of the mob are said to be in the governor's possession.

Ten New Cases.

Mobile, Ala., Oct. 23.—Ten new cases of yellow fever were reported Friday, five of whom were taken from the Italian bark Livornus. There were two deaths, Norma Forrest and Raymond Villaneuva. Total cases to date, 197; deaths, 23; recoveries, 123; under treatment, 36.

LULL IN BUSINESS NOT UNWELCOME

DUN AND BRADSTREET REPORT A QUIET WEEK.

Natural and Desirable—Even Now the Volume of Business Continues of Large Proportions—Larger Buying Looked For Hereafter—The Failures For the Week.

New York, Oct. 23.—R. G. Dun & Co.'s Weekly Review of Trade says: "After the heaviest buying ever known in many branches during September and the first half of October, it was both natural and desirable that a more quiet period should give time for testing the size and temper of retail trade and for distributing part of the enormous quantities bought. As the buying for replenishment is partly satisfied and diminishes, there is some decrease in the volume of transactions, though at the same time the working force has further increased, the wages of labor have been in numerous cases advanced and the foundation laid more broadly every week for larger buying and business hereafter."

"Failures for the week were 224 in the United States, against 274 last year, and 36 in Canada against 60 last year."

Bradstreet's says:

"While the general trade movement is somewhat irregular and there are further evidences of falling off in demand the volume of business continues of large proportions. Interior merchants in the central west have not distributed fall stocks as promptly as expected, and many jobbers at western centers find that they overestimated the consumptive demand when securing fall goods."

"Exports of wheat (flour included as wheat) from both coasts of the United States and from Canada this week amount to 5,122,171 bushels, against 6,039,000 bushels last week. There has been a sharp drop in the export movement of Indian corn this week, the total amounting to 1,177,543 bushels, compared with 2,224,000 bushels last week."

BAIL IS NOT ASKED.

Luetgert's Release Under Bond Deferred for the Present.

Chicago, Oct. 23.—Another Luetgert trial is scarcely a possibility of the near future, notwithstanding State Attorney Deenen's expressed desire to at once submit Luetgert's fate to the decision of a second jury. In a long conference between the attorneys for the defense and the state yesterday forenoon before Judge Tuthill in chambers, the question of liberating the sausage-maker on bail was informally discussed, while the difficulty of obtaining a competent jury for a retrial of the case was at the same time gone into very fully. Judge Tuthill is understood to have expressed himself as unwilling to take up for consideration any application for bail, advising Attorneys Vincent and Phalen, it is said, that they had better apply for a release of their client on habeas corpus proceedings before some other judge.

MRS. WILES IS CHOSEN.

Jacksonville Meeting Ends—State Institutions Visited.

Jacksonville, Ill., Oct. 23.—The last day of the session of the Illinois Federation of Women's clubs was in some respects the most interesting. Able papers were read upon the work of a number of the clubs.

The first part of the afternoon was devoted to visiting the state institutions, and it was 3 o'clock when the federation reassembled for the election of officers. Mrs. Alice Bradford Wiles received 206 votes for president and was elected. Mrs. Clara P. Bourland received 15 and Mrs. James W. Patton 3. There was a stir when the 5th district was reached, but it was found that Mrs. Sherwood had 143 and Mrs. James Maxwell 75. In the 12th district Mrs. George Mabin received 136, Mrs. Jewel 82 and Mrs. King 3.

After an address by the president and the presentation of the new officers the federation adjourned.

Bartley Bondsman Ahead.

Omaha, Neb., Oct. 23.—"I certainly think that the state cannot recover upon that instrument." These words of Judge Powell, uttered as a decision of the points involved in the Bartley bond trial, practically decide adversely the suit of the state of Nebraska against ex-State Treasurer Joseph S. Bartley and his bondsmen to recover over \$500,000 of shortage in the state treasury. The state dismissed the case without prejudice.

Fever Very Mild.

Montgomery, Ala., Oct. 23.—Dr. Guiteras was in Montgomery Friday examining cases and conferring with doctors. He agrees with the diagnosis of local physicians and says the disease is undoubtedly yellow fever, but of a very mild type. He says he can see no cause for alarm or panic, as the season is too far gone for fever to do any harm here.

Alabama Miners to Organize.

Birmingham, Ala., Oct. 23.—At a convention of Alabama coal miners it was decided to organize a district of the United Mine-Workers of America.

Miss Willard At the Head—Toronto, Canada, Has the Honor Of Entertaining the Workers for Temperance—Illinois: Y. M. C. A. Finances In Somewhat Bad Shape.

Toronto, Ont., Oct. 23.—All arrangements are now complete for the World's Woman's Christian Temperance Union convention.

The initial proceedings in connection with the convention took place Friday night at the hall in the horticultural pavilion, where a banquet was given to

FRANCES E. WILLARD.

world's convention delegates by Canadian delegates, when 100 young ladies, especially trained in fancy marches and drills, acted as waiters. After-dinner speeches of welcome were made by prominent Canadians and famous women from other lands. Miss Frances Willard presided.

The executive committee of the World's Woman's Christian Temperance Union met in the morning. The purpose of the meeting was to dispose of the executive business which had accumulated since the last meeting two years ago, and to make plans relative to the present convention. Letters were read from Ceylon, Burmah and Chile, in which requests were made for Women's Christian Temperance Union missionaries. Burmah stated that it could bear half the expense; Chile had no money, but needed a missionary, and Ceylon offered to support a missionary if the expense of sending her would be borne by the Women's Christian Temperance Union.

The election of the general officers will not take place until the end of the convention, but in the meantime Miss Gordon, assistant secretary, introduced a motion which was carried, to the effect that the executive immediately proceed to consider vacancies in countries auxiliary to the work of the Woman's Christian Temperance Union, and that the general officers be requested to fill such vacancies whenever they might occur.

Y. M. C. A. WORK AT DECATUR.

Large Attendance at the Sessions—Finances In Bad Shape.

Decatur, Ill., Oct. 23.—There was a large attendance Friday at the state convention of the Illinois Young Men's Christian Association. At the business meeting it was shown that the financial affairs of the association were not in the best condition, though it was stated that there was reason to be greatly encouraged over the outlook. Sixteen thousand dollars will be required for the running expenses of the state association on the plans laid out. Pledges from individuals and associations to the amount of \$3,000 were made.

Christian Convention Ends.

Indianapolis, Ind., Oct. 23.—The delegates to the national convention of the Christian church and those attending the quinquennial conference of the friends' church met in joint session Friday forenoon. All the speakers predicted that the day will come when there will be no barriers separating the various protestant churches. It is to be left for the thirteen yearly meetings in the United States and Canada to decide whether the friends' church shall have a centralized form of government. A commission composed of two delegates from each yearly meeting will formulate the new plan of government and will prepare a revised church discipline.

The Christian convention held its final session Friday. The day was devoted to addresses.

Indiana Y. W. C. A.

Terre Haute, Ind., Oct. 23.—Miss Reynolds of London, world's secretary of the Young Women's Christian association, who addressed the Indiana convention Friday, said the United States would be entitled to eighty delegates at the world's convention in London next June, and that delegates would be present from all European countries and from Australia and South Africa. Miss Taylor of Chicago announced that the Evangelical, the suspended official paper of the organization, would assume publication in January. Mrs. F. F. McCrea, Indianapolis, was chosen president.

Will Meet at Lena, Ill.

Chicago, Oct. 23.—The Evangelical Lutheran synod of northern Illinois be-

gan its second day's session by re-electing the last year's officers. The other business of the day consisted of reports from the various officers and committees. The synod decided, by a vote of 19 to 8, to hold its next annual meeting at Lena, Ill.

SAGE MAKES DENIAL.

Gen. Thomas Admits, However, That a Syndicate Is Contemplated.

New York, Oct. 23.—Russell Sage makes emphatic and specific denial of the report that he is at the head of an opposition pool to buy in the Union Pacific railroad. "The report is absolutely without foundation," said Mr. Sage. "I have not been invited to form a Union Pacific syndicate by President McKinley. There is so much feeling among certain outside interests, however, that it may be that some concerted action will be taken to postpone the sale of the Union Pacific property until all the facts are thoroughly understood."

Gen. Samuel Thomas, who was mentioned as a member of the Sage syndicate, had this to say: "I am not responsible for the story that an opposition syndicate has been formed for the purchase of the Union Pacific road at foreclosure sale. I do not doubt, however, that such a syndicate is contemplated, and is in progress of formation. I have been asked to subscribe and have promised to do so to the extent of \$10,000,000."

The Universalist Convention.

Chicago, Oct. 23.—The Universalist general convention of 1897, regarded as one of the most important in the history of that denomination, adjourned Friday until 1899, when matters passed upon during the session just completed will be urged for ratification.

In comparison with the accomplishments of the previous day the business transacted Friday was of an unimportant character.

Capital punishment was condemned. A resolution was passed recommending the denominational schools of the church. The cent-a-day plan was also passed by the convention. The plan contemplates that the revenue for the mission work of the general convention shall be raised by contributions of one cent each day from each member of the Universalist church.

The convention adjourned at 1 o'clock in the afternoon after listening to the closing speech of the president, Charles L. Hutchinson of Chicago.

That Dramshop at Princeton.

New York, Oct. 23.—The signature of the Rev. Dr. Charles Woodruff Shields of Princeton to an application for a liquor license for Princeton Inn threatened to disrupt the Presbyterian synod of New Jersey, which has been in session at Plainfield. The following resolution was adopted: "The synod finds occasion to reiterate the judgment that the renting of property for saloon purposes and signing of liquor licenses is not consistent with Christianity, and that the attention of all presbyteries, sessions, pastors and teachers be brought to bear upon this matter."

The New York synod of the United Presbyterian Church, in session at Jersey City, adopted much the same resolution.

Spain's Reply to America.

Madrid, Oct. 23.—Senator Sagasta, the premier, presided at the cabinet council Friday. The draft of the proposed reply to the note of the United States, presented through Gen. Stewart L. Woodford, the American minister, shortly after his arrival here, was under consideration and was unanimously approved. The reply explains that Lieut.-Gen. Weyler has been replaced for political reasons and includes a statement of the government's decision to grant autonomy to Cuba and a protest against filibustering expeditions from the United States.

Urges Spain to Act.

Madrid, Oct. 23.—The Imparcial, in an article entitled "The Denouement of the Drama—Another Attack of the United States," declares that Spain cannot remain silent "in the face of America's persistent injustice," adding: "The government must not forget the national honor and ought to pay more attention to moral than to material interests. A memorandum should be sent to the powers comparing the attitude of Spain and of the United States. It would have a great moral effect, unless notions of the justice and right of nations no longer exist."

Pana Miners Win.

Pana, Ill., Oct. 23.—After more than three months on strike the miners of Pana have at last won. The Penwell Coal Mining company, the last of the three mining companies of Pana, after a delay of two weeks following the signing of the scale by the Pana and Springside Coal companies, has agreed to the scale, and a most satisfactory settlement was made. The miners secured a raise of fully 10 per cent for all company men and an average of fully 8 cents a ton for digging coal.

Building and Loan League.

Rock Island, Ill., Oct. 23.—The Illinois League of Building and Loan associations adjourned Friday to meet in Springfield next year. A number of resolutions were offered and passed upon and the following officers were elected: President, Albert Baines, Decatur; first vice president, W. R. Smith, Chicago; second vice president, E. H. Guyer, Rock Island; treasurer, J. N. C. Shumway, Taylorville; secretary, R. G. Vasey, Quincy.

FAMINE IS CERTAIN.

Situation in the Klondike Region Explained by Capt. Hooper.

Washington, Oct. 23.—Capt. Hooper, commander of the Bering Sea patrol fleet, who has arrived in Washington to attend the seal conference, said today that the reports concerning the scarcity of food in the Klondike region are not, in his judgment, exaggerated. In the neighborhood of Dawson City there are, he said, about 5,000 miners, whose supply of provisions for the coming winter is no greater than barely sufficient for half that number during last winter. Great suffering would be the inevitable result of this scarcity of food. Although some of the more vigorous among the miners might attempt to get away on the ice of the Yukon the chances were that a considerable number of them would perish from hunger and exposure.

BIG BUILDING BLOWN UP.

Explosion at Detroit Causes Two Deaths—Ten Seriously Injured.

Detroit, Mich., Oct. 23.—The boiler in the Detroit cabinet company's factory, at Hancock avenue and Riepelle street, in the northwestern part of the city, exploded at 7:30 Friday morning, with fatal and disastrous effects. At least two men were fatally injured, one of whom has since died, and ten more were more or less seriously injured.

The front and rear ends of the buildings were blown entirely out and the brick walls are in ruins. No fire resulted from the explosion. The concussion was so great that the whole northeastern part of the city was shaken and many windows were broken. The damaged building was a brick structure four stories high. The others were practically uninjured.

LISTEN TO CLEVELAND.

Ex-President's Princeton Address Treats of the "Self-Made Man."

Princeton, N. J., Oct. 23.—Ex-President Grover Cleveland made the principal address during the celebration of Founders' day at university Friday. The occasion was the celebration of the one hundred and fifty-first anniversary of the school. The ex-president was expected to deliver an address on international arbitration, but instead he discussed that singularly characteristic American topic, "The Self-Made Man," only in his last paragraph alluding directly to the subject of international arbitration. The guest of honor on this occasion is Lord Aberdeen, upon whom was conferred the degree of LL. D.

Liberal Congress of Religion.

Nashville, Tenn., Oct. 23.—The meeting of the Liberal Congress of Religion Friday was given up to a "conference of competitive religions." The foreign visitors were dressed in the costumes of their nations.

At the Gates of Havana.

Key West, Fla., Oct. 23.—Gen. Castillo, the Cuban, entered the town of Luyano in the outskirts of Havana with his army, capturing forty oxen, six mules and much merchandise. The garrison made no resistance and no aid came from Havana.

Plague Grows Worse.

New Orleans, La., Oct. 23.—The fever situation here is as fickle as a weather vane. The situation Thursday was extremely encouraging. Last night at 7 o'clock the cases had nearly reached fifty and there had been no fewer than five deaths.

JARBEAU MADE HIT WITH "PARIS DOLL"

HEARTY APPLAUSE FOR THE
PLUCKY ACTRESS.

Frolics As If Care Had Never Traveled
On Her Railroad Ticket—Chorus
Girls Raise Their Voices Because
The Treasurer Couldn't Raise
Money.

Verona Jarbeau bubbling over with
spirit and as full of fun as ever, had
everything her own way at the opera
house last evening. Considering the
brief notice there was a good sale of
seats and Jarbeau and her troupe
acted, danced and sang with the con-
sciousness of a sympathetic audience.

"The Paris Doll" affords Jarbeau
excellent opportunities for the display
of her talent. She fills it with fanci-
ful sketches that are well drawn and
humorous. Her odd dance as the au-
tomatic doll was applauded to the
echo as were the German and French
dances in which she appeared with
Charles Wayne. Wayne made himself
a warm favorite before the end of the
evening, and there was also applause
for Alline Crater, and Richie Ling, a
good looking young Chicago tenor.

The piece was very elaborately
staged, the setting of the second act,
a symphony in purple, winning a burst
of applause.

There was a fourth act of the "Paris
Doll" last night, that the theatre goers
failed to see. It took place on the
stage at 11:30 o'clock and was a
tragedy in one act.

Last evening was pay night. Some
of the show people were paid and some
were not. That was where the trouble
commenced. Two of the pretty chorus
girls after removing their make-up at
the close of the show asked Manager
Jacobs for their money. Manager
Jacobs then explained that the Mad-
ison trouble had interfered with his
plans, but both he and Assistant Man-
ager Emerson made emphatic promises
and the angry young women were
appeased.

Wertheimer-Saunders Tobacco Damage
Case Ended By a Compromise

The defendants in the case of We-
theimer against O. P. Saunders et al,
successors to the Edgerton Tobacco
Co., have settled the case out of court
by paying \$1,200. They were sued
for negligence in making repairs on the
roof of a warehouse leased to them
by the plaintiff, a large quantity of
tobacco being damaged by a rain
storm while the repairs were in pro-
gress. Judge Bennett non-suited the
case, holding that the repairs were
made at the request of the plaintiff
and that negligence had not been
proven. The supreme court, however,
decided that there should be a jury
trial, but pending that trial a settle-
ment was made.

about \$1,000. Contractor Ryan says
he will finish laying the pipe and that
all will be in readiness for connections
by next Wednesday evening. Fifteen
men have had steady work during the
past few days.

Six carpenters and twenty five masons
were at work on the depot today and
the laying of the main floor progress-
ed rapidly.

His daughter Edith was with him.
One morning she fled to the legation
crying that he had married a Japan-
ese widow, Mrs. Watanaba, without
any ceremony. Arnold explained that
he had married by the easy Japanese
method of drinking a cup of tea to-
gether. When he left Japan his wife

TWELVE GOING TO ALASKA

Janesville People Strike C. B. Livermore
As Chiller Than Alaska.

C. B. Livermore says very little
Klondike interest is manifested by men
of Janesville. Mr. Livermore, who is
from Seattle, has been making a canv-
ass of the town in the interest of the
Seattle chamber of commerce.

"This is the poorest town I have
visited this summer," Mr. Livermore
remarked disgustedly. "The citizens
seem to have no interest in Alaskan
affairs."

Mr. Livermore thinks that about a
dozen will leave Janesville in the
spring for Alaska.

CHAINLESS WHEELS ON SALE THIS WEEK

INTEREST OVER THE NEW
BICYCLE'S PLAN.

The Price Is \$125 and the Weight
26 1-4 Pounds—The Type Said
to Possess Intrinsic Merits
Not Found In the Standard
Safety.

Chainless '98 model Columbias were
put on the market in the east yester-
day. The new wheel will sell for
\$125 and weighs 26 1/4 pounds with its
regular equipment. In appearance
its lines are prettier than those of the
chain wheel. The crank hanger is
dropped as in the chain wheels and
the lines are identical with the ordi-
nary chain model except in the lower
right rear fork and stay, which are
shortened and connected with a
semi-circular arm, the center of which
supports the lower right stay, which is
also the covering of the driving shaft,
connecting the two gears. The end of
the rear axle is held in a swinging arm
that is fastened to the ends of the
semi-circular piece, and in the open
space left by the arch the rear groove
revolves. The driving wheel
takes the place of the old front
sprocket, but owing to the fact that
its depth must be greater, the tread
of the wheel is increased to five and a
quarter inches. The power is trans-
mitted by small bevel gears. The
wheel runs with great ease either
forward or backward. The new gear,
it is claimed, will improve with use,
while the chain wheel had a tendency
to act the other way. The working
parts of the new gear are all protected
from the dust and rain by small de-
tachable cases, which are constantly
lubricated. It is claimed that a bicy-
cle of this new type has been tested
over 1,500 miles of good and bad roads
and that the experiment has been
highly satisfactory.

Some of the biggest road and track
races held abroad recently have been
won on chainless wheels, so that rid-
ers expect that the introduction of the
type in this country will mark a new
epoch in the advance of the cycling
industry. Orders for the new wheel
are expected on a large scale.

BIG SALES OF ICE CREAM

George A. Shurtleff Says This Summer
Was a Record Breaker.

George A. Shurtleff who has been
making ice cream in this city for the
past fifteen years says this has been a
big year. He never sold an much
cream in one month as he did last
July. Close to 12,000 gallons of the
frozen delicacy passed out of the Shur-
tleff factory in those thirty-one days.

Nervous

People often wonder why their nerves are
so weak; why they get tired so easily;
why they start at every slight but
sudden sound; why they do not sleep
naturally; why they have frequent
headaches, indigestion and nervous

Dyspepsia

The explanation is simple. It is found in
that impure blood which is contin-
ually feeding the nerves upon refuse
instead of the elements of strength and
vigor. In such condition opiate and
nervine compounds simply deaden and
do not cure. Hood's Sarsaparilla feeds
the nerves pure, rich, red blood; gives
natural sleep, perfect digestion, is the
true remedy for all nervous troubles.

THE STAFF OF LIFE.

Bread is the staff of life. All right—
if it's good Bread. A man can live and
thrive on nothing but Bread—if it's
good Bread. It is something that has
to be studied to be done well. We
make good Bread. Pies, Cakes, Cookies,
and everything a bakery should make.
We do nothing else. Day in and day
out we do nothing but bake. Isn't it
natural that we should do it better
than some one who hasn't studied it,
and made a business of it?

THE OVERFLOW OF LOCAL NEWS.

WITH THE YARDMASTER

DURING the caboose part of yesterday, I talked with a man who had just had his fortune told. He said it was the only way to get through life. I knew that I was in need of something, as I am a man with a constitutional tendency to love, or liver trouble. I didn't know which. I went to a fortune teller without delay. I introduced myself as the man who dived over Kansas City, and asked her what she would charge to pry into my future. "Be seated," she said. "and I will examine your past, present and future. As for the charge, I take you to be a farmer, and as money is scarce, you can bring me in a load of dry cord wood, and I will call it square. I will ask you to remain quiet, and hold my hat while I have a fit. In the spirit world, we call it going into a trance."

In this connection, I am free to admit that I was quite nervous, as she went into a trance like a west bound freight train. I watched her for a moment while she was staring into space, as though she was monkeying with the planets. Then her liquid eyes met mine.

"I see," she said in a strange voice, "you have eye lashes long enough to torment the fairies of Hesperides. You are in conjunction with Jupiter, and what you need most, is a hair cut. Now I can see a new star, it is a stranger in the skies. This signifies that you have sometime in the past tried to be an actor, and you have had bridge timber thrown at you while on the stage."

"I need not advise you to keep off the stage in the future, as your face shows age enough to heed a warning. You will be married twice. Your first wife will have most colored hair, and she will be very rich, but it will all be in her name. You will live together about three weeks, then she will go home to her mother. Your second wife will have hair about the color of drug store twine. She will be loving, good natured and shiftless. With her you will be very happy, but exceedingly poor. You will not however, be introducing yourself to a novelty, as your past shows you have always been poor, and all of your consanguinity before you. I can see, that very soon, you are going to take a long journey across waters, you will work your way from New York to Liverpool on a cattle ship. You have a large amount of money coming to you, but you will be a member of the silent majority before it arrives. I can also see that you are a stranger here. In a very short time you will cultivate many new acquaintances, but you will never be able to borrow money from them. You would have been a very brilliant man were you not deficient in veneration, continuity, mirthfulness, form, size, color, weight, order, time, language, individuality and apprehension. Your life has been like a plank of drift wood tossed upon the sea. Just then some one knocked at the door and the fortune teller came with a start. I wiped the perspiration from my brow, told her there was some one out side and that we would meet again. Now if there is a farmer in Rock county who has more dry wood than he can use, please send me the lowest market price on one load."

PRESS WOODRUFF.

BLEEDING PILES

And all other forms of this common and often dangerous disease readily cured without pain or inconvenience. Thousands of men and women are afflicted with some sort of piles without either knowing the exact nature of the trouble, or knowing it, are careless enough to let it run without taking the simple means offered for a radical cure. The failure of salves and ointments to permanently cure piles has led many to believe the only cure to be a surgical operation.

Surgical operations are dangerous to life, and moreover not often entirely successful at this time are no longer used by the best physicians or recommended by them.

The safest and surest way to cure any case of piles, whether blind, bleeding or protruding, is to use the Pyramid Pile Cure, composed of healing vegetable oils, and absolutely free from mineral poisons and opiates. The following letter from a Pittsburg gentleman, a severe sufferer from bleeding piles, gives some idea of the prompt, effectual character of this pile cure. He writes:

I take pleasure writing these few lines to let you know that I did not sleep for three months except for a short time each night because of a bad case of bleeding piles. I was down in bed and the doctors did me no good. A good brother told me of the Pyramid Pile Cure and I bought from my drug store three fifty cent boxes. They cured me and I will soon be able to go to my work again. WILLIAM HANDSCHU, 46 St., Cotton Alley, below Butter St., Pittsburg, Pa.

The Pyramid Pile Cure is not only the safest and surest remedy for piles, but is the best known and most popular. Every physician and druggist in the country knows it and what it will do.

Send for little book on cause and cure of piles, describing all forms of piles and the proper treatment.

The Pyramid can be found at all drug stores at 50 cents per package.

Mrs. SONNEY MARTIN's dying wish was that her husband be sent to prison and that her three smaller children be sent to some charitable home. Her wish will be gratified. Martin was convicted of abusing his fifteen year old daughter and was sentenced to ten years in the state prison. His wife died of consumption three hours before sentence was passed.

A big company which is looking for a location in Wisconsin is the Falls City Tobacco Works of Louisville, Ky., a corporation with a capital of from \$15,000 to \$20,000. The article manufactured by the Falls City Tobacco Works is plug tobacco. Janesville situated as she is in the very heart of the Wisconsin tobacco region would make an ideal location, but the concern is now looking into the advantages of Fond du Lac.

KLINE TO BE HERE NOV. 2

Date of the Secretary's Janesville Engagement Definitely Announced.

Secretary J. C. Kline, having severed his connection with the Kankakee Young Men's Christian Association where his labors for the past year in the saving of men has been blessed with great success, and the building up of a large association work, will return to the Janesville Y. M. C. A., November 2, as general secretary.

Secretary Kline needs no formal introduction to the people of Janesville, where he labored so long and faithfully, manifesting by his zeal and earnest work in our association to be the right man in the right place. The result of his work stands today second to none in the state, and one which our citizens can be justly proud of.

A host of warm personal friends are anxiously waiting to give him a cordial and hearty welcome. Secretary Kline will be present at the next meeting of the Ladies' Auxiliary, N. v. 2, and give a full report of the work, both in the city and in general; its objects and lines of work in reaching out to save men, and the building up of christian character, morally and physically. He will also be present at the meeting of the board of directors, Nov. 3, when the several committees for the year will be appointed and the work outlined. Educational reading and debating classes will be formed and all the privileges of the association made as full and complete as possible. That all good citizens who feel interested in the work will cheerfully support and labor for the success of the Janesville Y. M. C. A., is the prayerful wish of the board of directors. E. E. LOOMIS, President.

HER KITCHEN WALL AFIRE

Mrs. Jessie Harris Surprised by the Spread of Flames.

After Mrs. Jessie Harris of No. 3 Prospect avenue, had got the kitchen fire well under way this morning she discovered that the wood partition had caught from an overheated stove pipe. This was at 5:45 o'clock and as few persons were about the house she lost no time in turning in an alarm. The fire police extinguished the blaze with a loss of about \$25. VANQUISHED.

A Twirl of the Thong, A Pull Strong and Steady, And Victory.

AN Indian's nerve, accurate eye, undaunted purpose and assurance of ultimate success in accomplishing a victory over wild animals, is an apt illustration of the way he has been able to conquer disease. Relying entirely in both cases on nature's own instruments he has become, after years of experience, a past master of his arts. For this reason the Kickapoo Indians, always the most famous of the tribes for their knowledge of the healing properties of nature's own remedies, have been long looked upon by their educated brothers as a blessing to humanity, for their generosity in giving to civilization that most wonderful of medicines

About School Suits...

We ought to sell ALL of the School Suits that will be sold in Janesville this fall. . . .

But we won't. Some people are too proud to patronize us, and some are such poor judges of value that they would pay \$1.89 for a suit that is all shoddy rather than to pay \$2.00 to us for the same pattern in a suit that would wear and give satisfaction. These people's trade we won't get. We WILL get the trade of people who like to make sure of what they are buying, who are good judges, who don't want job lots, who are not too proud to save money when they can. We are better prepared than ever to serve such people, and we will sell them School Suits CHEAPER than ever before. Nearly THE WHOLE of our Main street store is devoted to Boys' Clothing, and our stock is TWICE as attractive as it has ever been before. In our large window today you can see samples of some of our offerings. They will give you an idea of what we are doing.

THIS DAY IN HISTORY

1641—Uprising of the oppressed Irish; about 50,000 English were slain in a few weeks. The outbreak began in Ulster and extended to all parts of the island. Dublin narrowly escaped falling into the hands of the insurgents.

1780—Anne Oldfield, famous actress, died in London.

1771—Marshal Andoche Junot, French soldier, was born at Bussy-les-Forges; died 1813.

1773—Francis Jeffrey, famous Scotch critic, was born in Edinburgh; died 1850.

1781—News of the surrender of Cornwallis reached Philadelphia.

1843—Friedrich Heinrich Wilhelm Gesenius, noted German oriental scholar, died; born 1768.

1872—Theophile Gautier, French dramatist and journalist, died at Paris; born 1811.

1896—Charles F. Crisp, ex-speaker of the house, died at Atlanta; born 1844.

A DEMOCRAT ON PROF. MERICA.

The Manitowoc Pilot, a sturdy democratic journal, is edited by a man, who has strong views on educational questions and who refuses to wear the party collar when the interests of the schools are at stake. In regard to the Waukesha case Editor Nagle says: "The State Board of Control have given evidence of good sense and a desire for able administration in their efforts to fill the position of superintendent in the Waukesha Industrial school. In inviting Professor Salisbury to the office they picked out a man whose reputation for ability and high character extends far beyond the borders of the state. There was no evidence that his invitation was a 'bluff' to carry favor with the people. Those papers that insisted the board knew all the time Professor Salisbury would not accept are simply giving a truthful exhibition of intense partisanship. They seemed to feel that they must in some manner discredit the board in everything. But the latter went on and selected Prof. Merica of Appleton, a man finely equipped for the responsibilities of the position. He is in the first place a gentleman, which the late incumbent does not seem to have been. He is a thoroughly educated man, and he has devoted many years to the study of sociological problems which have direct bearing upon the training of the criminal young. The Milwaukee Journal has discovered that the professor was guilty of dining with Mr. Spooner last fall, and that in addition to this enormity he made speeches for sound money. How these offenses militate against his worth as a criminologist or his ability as a superintendent. The Journal does not explain. But it insists that he is a pet of the bosses, and inferentially a rascal and a professional office seeker. This is untrue, and every one knows it; and the Journal's effort to distort Prof. Merica's motives falls very flat. He leaves a comfortable situation among friends to accept new and arduous duties and to expose himself to endless fault-finding criticism, with no attendant pecuniary advantage. It really looks as if the state board have found a man who places duty above avarice in the ethical scale."

REPUBLICANS GAINING.

Republican campaign managers in New York estimate that less than 5 per cent. of the republicans are supporters of Seth Low. Of course "polls" made in advance of an election are apt to be delusive. They nearly always reflect the wishes of the party managers, or the newspapers making them. This does not mean that the party chiefs or the heads of the newspapers intentionally mislead. These persons are themselves often misled by their agents, who are in many instances, more anxious to gratify the partisan predelections of their employers than to get at the actual facts. In a case like the present situation in New York, when both parties are split many voters will be averse to telling which ticket they will vote for, and, consequently, the facts are hard to get.

It seems reasonable to assume, however, that George will draw far more heavily from Tammany than Low will from the republicans. He will have to draw many more thousands of votes than Low if the republicans are to win. In the new city the democrats have a normal lead of 50,000 or 60,000 over the republicans. If George polls 80,000 or 90,000 votes and his followers are predicting that he will get 150,000 or 175,000 there will be a fine prospect of republican victory.

"Anti-bossism!" is a cry often used

to distract public attention from the inordinate ambition of some swell-headed individual.

Didn't the Kentucky democrats rather rub it in on Mr. Bryan when they made him leave free coinage out of his speeches in that state?

Mr. Bryan's bank account has almost reached the plutocratic stage; that was what aroused the envy of Henry George.

President McKinley's cabinet has once more been reorganized—by the Washington correspondents.

TURKEYS CAUSED LAW SUIT

German Wrangle Was Aired in the Municipal Court Today

That highly prized bird, the turkey, was discussed at length in the municipal court this morning in both German and English. The question was whether Mrs. Amelia Brumroad of the town of Janesville, did on the eighth day of October, 1897, say to her sister-in-law, Mrs. Wachellin: "You are a thief. You stole my turkeys." This conversation was alleged to have taken place at Anton Behrendt's hotel.

The case was called this morning at 10 o'clock before a jury composed of Leroy F. Holloway and George Hanthorn. It took the jury ten minutes to decide on a verdict of guilty.

Attorney H. S. Sloan who represented the defendant, protested that declarations made in German could not be submitted in court as evidence through the medium of loose translation, and asked that the case be held open.

HAMMAS HAS SMALL HOPE

Does Not Think His Chance For a New Trial Is Good.

Henry Hammas told a friend this morning that he had not very much expectation of a new trial and had about decided that "the jig was up." His wife, however, expresses much faith in the outcome. She has stood by him sturdily from the first, visiting him as often as possible and sending him his meals in a basket. The arguments for a new trial will be made Tuesday.

The ones that count, socially and commercially, especially if favorable. Sanborn is creating much good impression as the weeks and months pass by. To be sure there is good cause for it.

NOWLAN NAMED POSTMASTER

Recommendations Sent to
Washington Today.

CONGRESSMAN COOPER HAS
REACHED A DECISION.

The Well Known Janesville Contractor
Selected As the Man To Succeed A.
O. Wilson In the Postoffice—There
Was a Strong Field of Candidates,
and the Selection Was By No
Means An Easy Task.

The Janesville postoffice question
was settled this afternoon.

A special dispatch to The Gazette
from Racine announced that Congress-
man H. A. Cooper had recommended
the appointment of Oscar F. Nowlan.

It had been expected for the last
ten days that a decision was near at
hand. The friends of all the candi-
dates had laid the matter fairly before
the congressman, petitions were all in
and nothing more remained to be said.
There was every reason, therefore,
why the matter should be closed up
promptly before any feeling should
develop.

The selection will give satisfaction
throughout the city. It insures the
administration of the office for the
next four years on thoroughly busi-
ness-like lines. In the beginning the
Janesville case bid fair to be a p-
plexing one and it is a source of gen-
eral gratification that a satisfactory
solution has been reached without
friction or controversy. There are
few instances where so strong an
array of candidates is brought into
the field; where such earnest and ef-
fective support is given to each ap-
plicant; and where in spite of earnest
rivalry the contest is carried to its
conclusion without entanglement or
disruption.

It may be fairly said that from the
list of candidates presented Mr. Cooper
could hardly have made a selection
which would not have met with the
cordial approbation of his party and
the community at large. It is equally
true that his action as finally decided
upon is a source of gratification to the
people and is especially pleasing to
members of the republican party.

DIVIDEND IS PROMISED

Bank of Edgerton Stockholders Plan For
Resumption of Business

A dividend is expected within thirty
days on Bank of Edgerton deposits
according to the statement issued by
directors.

A plan is on foot by which it is pro-
posed that the stock holders will bor-
row money enough on their individual
notes to start the bank, asking the de-
positors to take 25 per cent of their
deposits now, 25 per cent of it in 3
months, 25 per cent in 6 months and
the balance in 9 or 12 months, thus
paying them in full.

The Edgerton Reporter in an article
on the case says: "Mr. Burnham and
wife have offered to deed over their
fine homestead and all other property
to become assets of the bank to make
reparation as far as possible, for
losses that have occurred.

"No man ever stood higher in this
community or enjoyed greater confi-
dence or respect than Chas. L. Burn-
ham, and this no doubt makes it hard-
er to bear his present trouble. He was
everybody's friend, and a great many
people are now unwilling to believe
that he is wholly to blame in the mat-
ter that has extended over so many
years."

TEMPLARS IN HOT DEBATE

Parliamentary Practice Takes Up Much
of the Time—Election Is Near.

A considerable part of last night's
session at People's Lodge was devoted
to parliamentary practice. The an-
nouncement was made that next week
the officers would be elected, and that
next Tuesday evening a quotation
social would be held at A. H. Linne-
man's, 52 Race street. Members will
gather at the hall Tuesday evening
before 7:45 and will go to the house
in a body.

After the lodge had been opened
last evening, a recess of an hour was
taken while the members went to the
First M. E. church to attend the re-
ception to Rev. H. W. Thompson.

Members of the First M. E. church
gave formal expression last evening to
their pleasure over the return of Rev.
H. W. Thompson for another year. They
filled the church parlors and there
was a constantly changing throng in
the auditorium where Mr. and
Mrs. Thompson received. People's
Lodge of Good Templars attended the
reception in a body, suspending the
meeting of the lodge for an hour that
they might pay their respects to the
popular pastor. Members of Court
Street M. E. church, the G. A. R. and
the W. B. C. also attended. Light
refreshments were served in the
church parlors.

NEW KENYON HEIRS FOUND IN ENGLAND

CHILDREN BY FIRST MARRIAGE
WILL SUE.

W. B. Finch, a Chicago Attorney, Has
Been Making Inquiries As to Euro-
pean Hotel Property and Says That
There Is a Prospect of Litiga-
tion.

The title to the Kenyon hotel prop-
erty facing the depots is threatened
by an inheritance suit.

Letters received in this city today
from Chicago indicate that children
of John Kenyon by a first marriage
solemnized in England and known to
but a few in this country intend to
fight for the property.

The letters are written by William
B. Finch of Chicago who has been
looking into the matter for the En-
glish heirs. Mr. Finch's letter to
George Watts gives about the same
statement of facts that is contained in
his letter to Adam Holt and to local
real estate men, and the parts of it
that bear on the case are as follows:

Chicago, Ill., Oct. 21, 1897.
Mr. Watts, Sir:—Having been in-
formed that in the near future you
will probably make a bid for the prop-
erty which you now occupy (European
Hotel) with a view to purchasing it,
a few facts relative to the property or
the title to it may be beneficial to
your interests. The late John Kenyon
had a wife and children residing in
England. His English wife died and
her children who reside in
England are no doubt Mr.
Kenyon's legal heirs. One of the
son-in-laws residing in England may
possibly in the near future come on
here to contest her (Mrs. App.) claim
or right to the property now stand-
ing in her name, that is the European
hotel. When he comes he will no
doubt take legal action to set aside
the sales Mr. Kenyon made to Mrs.
Kenyon, on the grounds that Mr. Ken-
yon was not competent or responsi-
ble for his actions during the late
years of his life or to protect his in-
terests or those of his living children
in England. If you have a chance to
see the abstract of title to this prop-
erty you will see that a sale has been
made at one time to Mr. Adam Holt
and wife by Mr. and Mrs. Kenyon;
then Mr. and Mrs. Holt sold to
Mrs. Kenyon. This first sale
mentioned as above, was made so as
to prevent anything turning up but the
last sale to Mrs. Theresa Kenyon
for the pittance he received for it
proves to me that Mr. Kenyon did not
realize what he was doing, in fact,
was not responsible nor capable of
providing for his or his children's
legal rights. Further I will today
write to one of the children residing
in England and inform her as to the
true condition of affairs and invite a
representative of the children to come
on here and enter suit against Mrs.
App for her legal share of the prop-
erty or should it not be convenient to
come on to send a power of attorney
for some one to act in their behalf."

THE ladies of the Court Street M. E.

church parlors, Wednesday evening,
Oct. 27.

Every Saturday Tourist Sleeping Car Route to California.

Commencing next Saturday night, and continuing every Saturday night thereafter, Midland Route tourist cars en route to Colorado, Utah and California will leave the Chicago Union passenger station of the Chicago, Milwaukee & St. Paul railway at 10 o'clock, running over the Chicago and Omaha short line to Omaha, thence via Lincoln, Neb., Colorado Springs and Leadville, Colo., Salt Lake City and Ogden, Utah, Reno, Nevada, and Sacramento, Cal., arriving at San Francisco at 8:45 p. m., Wednesday.

As will be noticed, this route is midland through northern Illinois, Iowa, Nebraska, Kansas, Colorado, (through the heart of the Rockies), Utah, Nevada and California, affording a perfect panoramic view of prairie, mountain and coast scenery.

These popular every Saturday California excursions for both first and second class passengers not foreign emigrants are "personally conducted" by intelligent, competent and courteous "conductors" who will attend to the wants of all passengers en route. This is an entirely new feature of tourist car service and will be greatly appreciated by families or parties of friends traveling together, or by ladies traveling alone. Particular attention is paid to the care of children who usually get weary on a long journey. Remember that the Midland Route Tourist Cars are sleeping cars and are supplied with all the accessories necessary to make the journey comfortable and pleasant and the sleeping berth rate is but \$6 for two persons from Chicago to California.

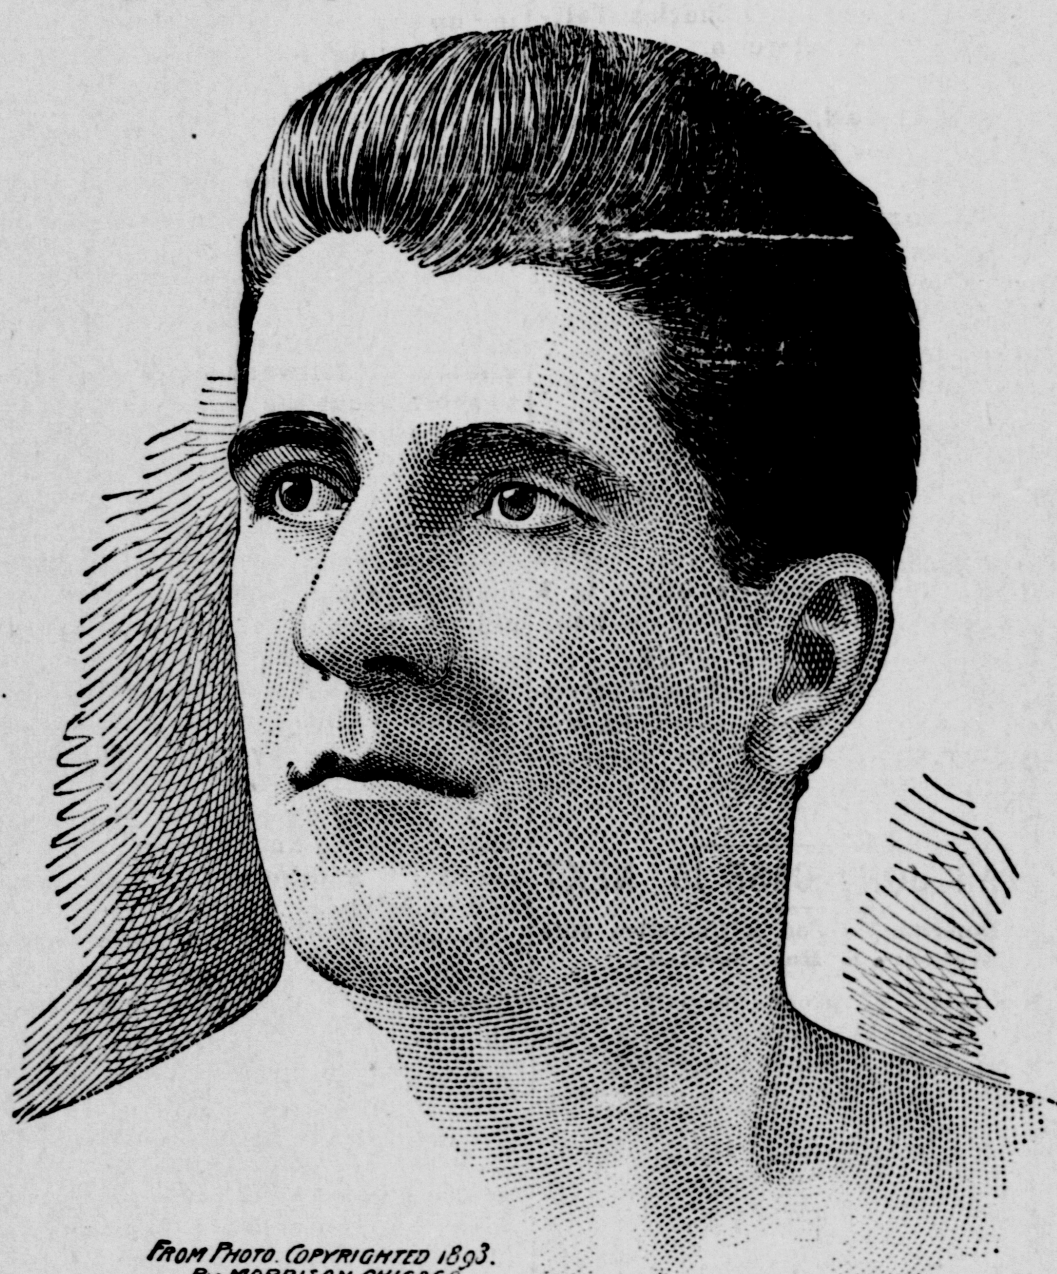

Ask the nearest ticket agent for a tourist car "folder" giving complete information about the Midland Route or address "Eastern Manager Midland Route," No. 95 Adams street, Chicago, Ill.

P. S. Berth reservations are made in the order received up to each Saturday morning. First

CORBETT THE MIGHTY

Recommends Dr. Greene's Nervura for Strength, Power and Vigor.

It Invigorates the Blood, Makes Strong Nerves and Powerful Muscles. It Revitalizes the System, Giving Health, Strength, Energy and Power.

FROM PHOTO. COPYRIGHTED 1893. BY MORRISON, CHICAGO.

JAMES J. CORBETT.

James J. Corbett is without doubt the strongest and most powerful athlete in the world. His wonderful records, magnificent physique and splendid physical condition render him the proper person to point out to others the best way in which to obtain that mighty strength of muscle, vigor of nerves and perfect physical condition which is the desire of every man and woman, for perfect health is what all want, and good health always comes only from sound physical vigor and vitality.

What you must have, therefore, to make you strong, to give you life, vim, energy, and ambition, to make you do your work with ease, to eat and sleep well and wake mornings fresh and vigorous, is to see first of all if you are in sound health. If you feel languid, weak or nervous, if your work tires you and you wake mornings unrefreshed, without appetite or energy, you are far from being well. In fact you are on a dangerous road to sickness and breaking down. If you have headache, neuralgia, rheumatism, stiffness and lameness, Dr. Greene's Nervura will cure it. It will first make trouble, or any other disorder, however slight, you should immediately see to getting back your health, and with it the fullest measure of strength and power of which your system is capable.

The way to do it is by using Dr. Greene's Nervura blood and nerve remedy. It is

recommended by James J. Corbett, the world-famed athlete, who states that he has long known of this wonderful remedy. It is prescribed and recommended as the greatest strengthener and health giver by the most eminent of the world's physicians, and it has cured a greater number of people than any other medicine known to science. It makes the sick well. It makes the weak strong. It gives the fullest power, vigor and strength to everybody, because it puts everybody in sound and perfect physical condition.

James J. Corbett says:

"I have long been acquainted with the fame of Dr. Greene's Nervura and the beneficial results of its use in cases of many of my friends, and I have no hesitation in recommending its use to others."

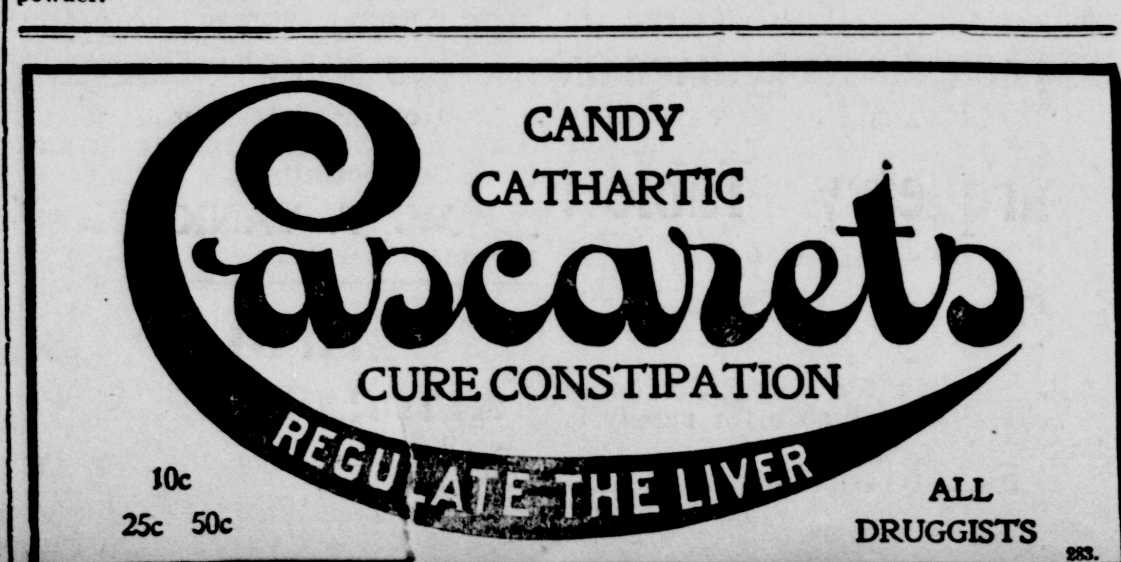

JAMES J. CORBETT.

Get Dr. Greene's Nervura blood and nerve remedy at once, and get back not only your health, but that high degree of strength, power and vigor of which you are capable. Dr. Greene's Nervura will cure it. It will first make trouble, or any other disorder, however slight, you should immediately see to getting back your health, and with it the fullest measure of strength and power of which your system is capable.

Consultation and advice absolutely free of charge at the office of Dr. Greene's Remedies, 148 State St., Chicago, Ill., by calling personally or by letter.

ELASTIC STARCH has been before the people of the United States for twenty-three years and is without doubt the greatest starch invention of the nineteenth century. Last year its sales reached the unprecedented number of twenty million packages. It is prepared upon scientific principles by men who have had years of practical experience in fancy laundry drying. It makes ironing easy, restores old summer dresses to their natural whiteness, and imparts to linen a beautiful and lasting finish. It is the only starch manufactured that is perfectly harmless, containing neither arsenic, alum, or any other substance injurious to linen, and can be used even as a baby powder.

Practical Training.
"No, Herbert," she said to her husband, as he arose from the table, "I don't advise you to go to Alaska. I doubt very much whether fortunes are so easily secured there as we have been led to believe. At the same time, I am convinced that the experience would be valuable to most men."
"In what way?"
"It would teach them not to find fault with their breakfasts."—Washington Star.

Mark Twain's Reply.
Gen. Porter tells a story of his farewell to Mark Twain once when Mark was going away.

"I said: 'Good-by, Mark; may God be with you always.'
"He drawlingly replied: 'I—hope—He—will—but—I hope, too—that He may find some leisure-moments—to—take—care—of—you.'—Argonaut.

Her Criticism.
"I never can marry him," she said. "He's not the right age for a bridegroom."
"Too old or too young?"
"Both. If he were younger he might be worth marrying, and if he were older there would be some hope of his dying."—Chicago Post.

Gone Beyond Recall.
Misses—Are you going to get dinner on the gasoline stove, Bridget?
Bridget—Yis, mum, but it wint out.
Misses—Well, why don't you light it again?
Bridget—Shure, mum, it hasn't come back yet. It wint out t'rough de roof.
—Up-to-Date.

No Hope for Him.
"Was the weapon a 44-caliber revolver?" asked the city editor of the new reporter who had brought in an account of a suicide.
"I didn't find that out, sir."
"You'll never make a reporter. You haven't the true newspaper instinct."—Town Topics.

A Fellow Feeling.
Disappointed Suitor (savagely)—What's that, you little imp? You say you just overheard your sister tell me she would be a sister to me, and that you are glad of it?
Small Brother (meekly)—Yeth, thir—mitherly loves company, thir.—Judge.

A Truthful Fisherman.
Gilgal—You've been on a fishing trip, haven't you?
Mullins—Yes.
"Where's your fish?"
"Didn't bring any home."
"Why?"
"Spent all my money for refreshments."—Town Topics.

And Lived to Tell It.
Miss Beaconsfield—Were you raised in the west, Mr. Potter?
Mr. Potter, of Texas—Yessum; two or three times, but a friend always happened along and cut me down.—Town Topics.

WHEN DOCTORS DIFFER WHO SHALL DECIDE?

History of a Woman who Could not Walk for Six Years.

From the Palladium, Richmond, Ind.

Miss T. E. Osborne is the name of a young lady living at 126 North Seventeenth Street, Richmond, Ind. She is the daughter of Mr. William Osborne, one of the most prominent horsemen in Eastern Indiana.

She told our reporter a most interesting and remarkable story. It will interest physicians as it was a most unusual case, and to the various ones who treated her, diagnosed it differently.

"None of the doctors, and I tried all of them," said Miss Osborne, "knew what was the matter with me. Some said I had rheumatism, while others frankly admitted that they did not know. I was at first taken with pneumonia. One of my feet pained me almost constantly, then the doctors pronounced it rheumatism."

"Gradually, but steadily, the trouble grew and spread until my entire body was involved and I was utterly helpless. Then we changed doctors. No relief came, and we changed again. We tried nearly all of the local physicians, and I was taken away to the baths. Nothing did me any apparent good, and I suffered very much."

"It is now six years since I became unable to walk. Afterwards I grew worse and was absolutely helpless. Braces were used in the hope of strengthening my limbs so as to make me able to walk, but they did no good."

"I was completely discouraged and so were my people. My friends gave me up to die, and the doctors, each one of whom at first declared he could have me walking soon, all declared that I never could walk again. I had no longer any faith in any doctor or any remedy."

Finally, after persistent effort her friends induced her to take Dr. Williams' Pink Pills, but against her will, for she was discouraged. She says of the results:

"I noticed no change after taking the first box or so but they asked me to give the

medicine a fair trial, so they kept on prescribing it.

"I took no other at the time, so that if any good were to come we would know what had brought it about. Pretty soon a change was noticed. My muscles became more flexible, and I suffered much less. At the end of three months I found I could move my limbs, could lift myself up, and was no longer helpless. I kept on and still refrained from every other sort of medicine."

"In one year from the time I began the use of Dr. Williams' Pink Pills for Pale People I could walk, something all the doctors had decided I never could do again."

"At first, having been helpless for so long I could not trust myself to walk on the street, as I felt afraid. Soon, however, I grew more confident, and walked everywhere as well as ever, and have been doing so ever since. I took the pills for two years, as I was afraid to stop until I was sure the cure was complete. Before I took them I was a wreck, and now my general health is very good."

Miss Osborne was repeatedly questioned as to her opinion of what cured her, and she has often declared it to have been Dr. Williams' Pink Pills for Pale People, as she had been growing steadily worse until she had begun using them, and as she used no other medicine after taking the pills.

Druggists in Richmond now have a large sale of these pills, and it is a frequent occurrence to have a customer ask for the medicine that cured Miss Osborne.

Dr. Williams' Pink Pills for Pale People are sold in boxes (never in loose form by the dozen or hundred), and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

THE WARDROBE.

Winter Wraps—Traveling and Evening Cloaks—Collars and Trimmings.

The short, straight sacks is again making a bid for popularity, but there is not much likelihood that it will be successful. It extends but a short distance below the waist and is composed of cloth, velvet or even fur. As these garments do not consume a great deal of material they may often be made out of old, full capes or long cloaks, especially now that sleeves are so much smaller.

The diminishing of the latter feature of the gown has given new vigor to the jacket. In the new jacket models the revers are very small or are lacking altogether. The front is straight and double breasted, fastening with one line of buttons and often closing quite up to the throat. The back is close fitting, the basque short and not rippled at all, but quite smooth, the collar very high and flaring. Braid, cord and galloon are employed as trimmings, and a jacket of last year's shape may sometimes be altered and rejuvenated by their aid.

SILK COSTUME.

aid. It is, of course, necessary to reduce the sleeves, to cut out the extra fullness of the basque and sometimes to shorten the latter. After this is done the worn places may be concealed by a skillful arrangement of trimming and the jacket will then be quite presentable.

For freshening long cloaks or wraps, for traveling or evening wear, the capuchon is highly serviceable. It may be pointed or round and should be trimmed to match the body of the garment. Of course the capuchon must be of the same goods, although it may be lined with something else.

Flat trimming, such as galloon or braid, is often arranged on jackets in the form of a corselet, usually pointed. When the front of the jacket is loose and straight, the trimming is sometimes carried down vertically with a stole effect.

A picture is given which shows a costume of broche silk, in which two tones of blue are intermingled with straw. The skirt is ornamented on the left side by coquilles of white lace. The bodice, which is draped diagonally in front, has a bertha of white lace and a full guimpe of pale blue gauze. The sleeves are slightly flared at the top and are draped with small coquilles of lace. The bodice has a bow of straw satin at the breast and another at the waist on the left side. The neck and sleeve frills are of white lace.

WINTER FASHIONS.

Skirt Trimmings—Jackets For Young and Old—New Materials.

There is a tendency to decorate skirts with ruffles, flounces, panels, plaitings and other trimmings, but the absolutely plain skirt seems to bear a charmed life and still flourishes in full vigor. As for skirt draperies and loopings, they are still in the farthest distance, and may it belong before they come nearer.

Galloons, cords, bands and other flat trimming, which are employed for skirts, are arranged in V's, in trefoils or horizontally around the hips, and occasionally they are placed lengthwise, outlining the bodice or extending up one side.

Blossoms are still having it all their own way. They are now rather baggy in front, although often not very full, and,

BLOUSE JACKET.

ornamented with revers, yokes, valois collars, plaitings and slashings, they will be worn all winter.

All jackets are short, with large revers and a valois collar, or perhaps no revers

at all. Some have a small basque sewed on.

The effort has been made to add pelerines and capuchons to jackets, but they are heavy and have not proved acceptable. Little girls and young girls will, like their mothers, wear a great deal of cloth. Heavy, ribbed wool goods, Scotch plaids and corduroys are also among the materials to be employed for them.

Today's sketch illustrates a blouse jacket of beige cloth, embroidered all over with a darker shade of beige. The valois collar is of beige velvet, edged with black leather trimming, and the upper one of the two superimposed revers is also bordered with feathers, as are the velvet cuffs. The belt is of velvet, the buttons and buckle of cut steel. The black velvet toque is trimmed with black plumes and paste buckles.

JUDIC CHOLLET.

Few men in this country are better or more favorably known to the drug and medicine trade than Mr. E. J. Schall, buyer in proprietary medicine department of the Meyer Bros. Drug Co., St. Louis. He says: "My boy came home from school with his hand badly lacerated and bleeding, and suffering great pain. I dressed the wound and applied Chamberlain's Pain Balm, freely; all pain ceased, and in a remarkably short time, it healed without leaving a scar. For wounds, sprains, swellings and rheumatism, I know of no medicine or prescription equal to it. I consider it a household necessity." Sold by C. D. Stevens, Pharmacist, corner Main and Milwaukee streets.

Excursion Rates to Chicago.

On account of the American fat stock, horse, poultry and dairy shows at Chicago, November 2nd to 13th inclusive, the Chicago, Milwaukee & St. Paul Ry. will sell excursion tickets Tuesdays and Thursdays during the continuance of the shows at a fare and one third for the round trip good for return until Monday following date of sale. Fox chasing and the hurdle races will be among the main attractive features.

"Many have said their children would have died of croup, if Chamberlain's Cough Remedy had not been given, write Kellan & Curran, druggists, Seaview, Va. "People come from far and near to get it and speak of it in the highest terms." This is equally true of this remedy in every community where it is known. Buy a bottle at Stevens drug store and try it yourself.

Excursion Tickets to American Fat Stock, Horse, Poultry and Dairy Shows, Chicago, Nov. 2-13.

Altogether Practical.

"Spicer must be fearfully superstitious—he never comes near his office on Friday."

"Superstitious nothing! That's the day he tells the collectors to call."—Chicago Journal.

An Appropriate Design.

Tupenny—Because money talks, I suppose.—N. Y. Journal.

The Causeless Struggle.

"Tis always morning somewhere in the world."

Ah! by what cruel fate this world is twined! Forever somewhere—oh, the bitter cup!—Sad women try to get their husbands up.—Chicago Record.

"I can't see now any family lives without Chamberlain's Colic, Cholera and Diarrhoea Remedy," says J. R. Adams, a well known druggist, of Geneva, Al., in a letter inquiring the price of a dozen bottles, that he might not only have it for use in his own family, but supply it to his neighbors. The reason some people get along without it, is because they do not know its value, and what a vast amount of suffering it will save. Wherever it becomes known and used, it is recognized as a necessity, for it is the only remedy that can always be depended upon for bowel complaints, both for children and adults. For sale by C. D. Stevens, Pharmacist, corner Main and Milwaukee streets.

Engineers Claim Victory.

London, Oct. 23.—The executive committee of the Amalgamated Society of Engineers have issued a statement saying the fight for eight hours' work per day, so far as London is concerned, is practically won and that arbitration or a conference on that subject cannot be entertained.

Tried to Prevent a Strike.

Indianapolis, Ind., Oct. 23.—L. P. McCormack, state labor commissioner, went to Brazil Friday to attempt to prevent a strike of the block-coal miners.

Objects to Fulton Invasion.

Springfield, Ill., Oct. 23.—Gov. Tanner has written Gov. Drake of Iowa requesting that a thorough investigation be made regarding the alleged invasion of the state militia at Lyons, Iowa, into Fulton, Ill., during the recent Modern Woodmen trouble at the latter place and to report the result of such investigation as soon as practicable. It has been charged that a company of the Iowa state militia from Lyons, Iowa, was sent to Fulton to help quell the rioting consequent upon the removal of the head offices of the Modern Woodmen from Fulton to Rock Island, and against any authority or request from the authorities of Illinois.

Monetary Conference Adjourns.

Washington, Oct. 23.—The monetary commission has adjourned till November 2 next. It is understood that a practical agreement has been reached as to the general outlines of a plan for a reform in the currency, and that soon after the commissioners reassemble they will prepare for the public a statement of their conclusions.

Murderer Sentenced for Life.

Galesburg, Ill., Oct. 23.—The jury in the murder case against Anson W. Gregory returned a verdict of guilty Friday and gave him a life sentence. Gregory, in a fit of anger last spring, beat his wife, and while she was ill placed his knees upon her abdomen. She died from the injuries received.

THE PROPHETS GUESS WELL. . . .

Good times are returning if our business can be used as a barometer. Or, perhaps, it's the buying of honest goods that makes the selling easy, but even then the prices must be low. For lo, these many years,

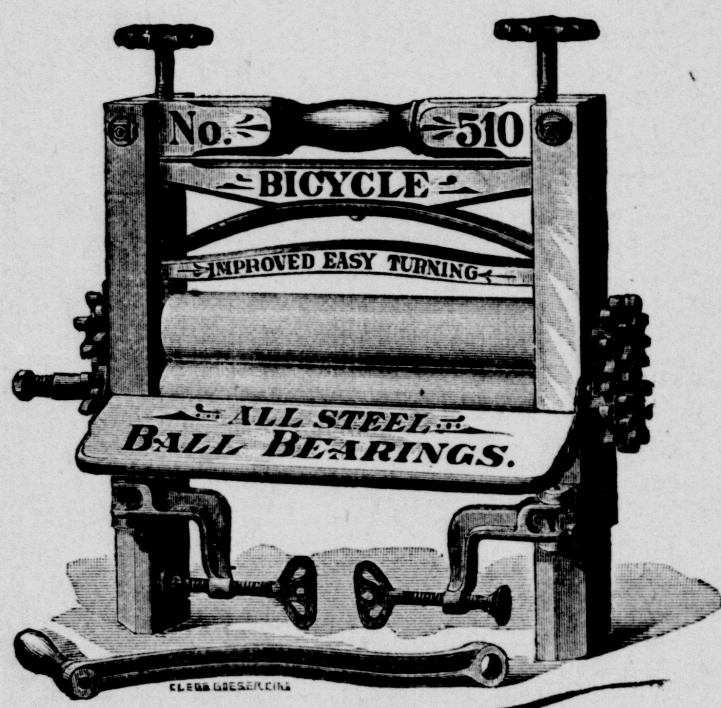

Such Stove business has not been seen in these parts.

Truly wonderful the way we have been selling Stoves this season; a metropolitan business you might say. The railroad people say we receive more goods these days than any other house in town. Come down some morning and watch the goods come in. Guess you will find them right. **PRICES TELL BETTER THAN WORDS.** We are never undersold. Quality you must have, even at low prices.

Garlands, Jewels, Jewetts, Round Oak, Radiant Home, Riverside Oak, Red Cross.

Nothing outside of these makes better, many of them inferior. Lowell always gets what he goes after. He is out for business this year-- Stove business--and he is getting it too. The wind blows hard in some parts of the city, but find substance mixed with breeze at Lowell's. The people believe in Lowell. Great many people want Second Hand Stoves. We are after those people also. The greatest line of Second Hand Cookers and Heaters in fine condition, at most any price.

THE BICYCLE WRINGER--A REVOLUTION IN WASHING...

It's a pleasure instead of a hardship to do the washing with Ball Bearing Bicycle Wringers. Large invoice just in; don't fail to see them.

Tin Shop running nights to keep up with orders, but notwithstanding this fact, we can take care of your work; never too busy.

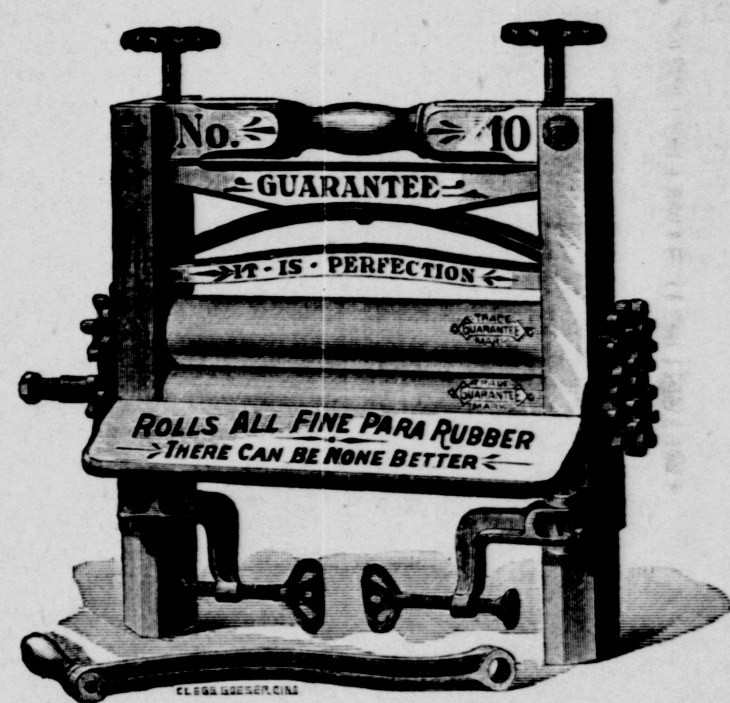

Gilt Edge Furnaces are built on carefully studied ideas. That they heat well and save coal is evidenced by the hundreds sold in the city.

A BUSY TRADING PLACE, BUT A GOOD ONE.

Grand Finale...

On November 15th we will positively close our business. We want to dispose of as many goods by that time as possible.

Our Inducements-- Commencing Oct 25th we will have a good cutter with years of experience. Work will be done here at home by skilled men tailors. Guaranteed in every way.

.....WE HAVE.....

The Flues

in a

Favorite Base Burner...

Are not only very large, but they are so constructed and arranged that the heat is kept to the outer surfaces of the stove, and is thrown in the room easily and quickly.

There are two cold air flues at the back of the stove, which are so placed in between the hot air flues that they draw the cold air from the floor and discharge it from the top very hot. The heat from these flues can be carried to an upper room if desired. You won't go wrong if you buy a Favorite Base Burner.

For a wood stove get a

Wonder, Air Tight.

The Wonder Stoves hold fire for thirty-six hours and heat the largest room. . . .
